1. **Acceptance** – Purchaser may accept this document ("Contract") by returning to Highine Products ("Seller") a signed copy of this document, by otherwise acknowledging receipt without objection within a reasonable period of time, or by expressing acceptance in any other legal manner, whether or not such acceptance contains terms additional to or different from those stated herein; provided that Seller objects to and rejects any such different or additional provisions, and such provisions shall not be a part of the contract between the parties. If Purchaser shall deem this Contract an acceptance of a prior offer, such acceptance is limited to the express terms contained on the face and the back hereof. Additional or different terms or any attempt by Purchaser to vary in any degree any of the terms of this order shall be deemed material and are rejected. However, this Contract shall not operate as a rejection of the Purchaser's offer unless it contains variances in the terms of the description, quantity, price, or delivery schedule of the items.
2. **Shipping** – The estimated Shipping Date is based on production time required to process the order commencing with the date Seller receives the order. In the event it is necessary to revise the design, specifications, or this Contract, the shipping date shall be extended by the period of time required to achieve the mutually agreed upon corrections or adjustments. The seller reserves the right to make partial shipments. "Shipping Date" refers to the date the order leaves Seller's dock; it does not take into consideration the transit time required to deliver the product between the Seller's dock and the Purchaser.
3. **Delays in Shipping (Force Majeure)** – The Purchaser shall not hold Seller responsible for any delay or for any damages suffered by the Purchaser by reason of any delay due to fires, strikes, riots, Acts of God, priorities, government orders or restrictions, delays in transportation, delays by suppliers of materials or parts, inability to obtain necessary labor, or other causes beyond the control of Seller, Seller's suppliers or Seller's subcontractors. In the event of such delay, (a) the time for Seller's performance shall be reasonably extended; (b) both parties shall take reasonable steps to adjust all affected dates in the order; and (c) a purchase price adjustment shall be made for additional costs incurred by Seller.
4. **Damage or Loss in Transit** – Delivery of goods to a carrier at Seller's plant or other shipping point shall constitute delivery. Regardless of freight payment, all risk of loss or damage in transit shall pass to Purchaser at that time. Purchaser shall make claims for loss or damage to goods while in transit against the carrier; Seller will assist Purchaser in securing satisfactory adjustment of such claims. Shortages or damages must be identified and signed for at the time of delivery. If any concealed loss or damage is discovered, notify your freight agent within 48 hours and request an inspection. Terms are F.O.B. Sellers' dock.
5. **Warranties** – Seller makes no representations or warranties except that Seller warrants that all goods manufactured by it shall be free from material defects in material and workmanship for a period of one (1) year from the date of shipment to Purchaser. If within such one-year period, such goods shall be proven to be materially defective to Seller's reasonable satisfaction, then such defective goods shall be repaired or replaced, at Seller's sole option. Such corrections or replacements shall constitute a fulfillment of all liabilities in respect of such goods. The warranty for all goods sold by Seller but manufactured by others shall be the warranty provided by such manufacturer for such goods. Seller shall take all reasonably commercial efforts (other than the payment of money) to provide the manufacturer's warranty to Purchaser. **THE FOREGOING WARRANTIES ARE EXCLUSIVE AND ARE IN LIEU OF ALL OTHER EXPRESS AND IMPLIED WARRANTIES WHATSOEVER (EITHER IN FACT OR BY OPERATION OF LAW), INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE.**  
Seller is not liable for damage to goods, property or persons arising out of the improper installation of such goods; modification, repair or tampering by anyone other than Seller of such goods; misuse of the goods; or utilization of the goods under conditions, which exceed specifications for such goods. **THE PARTIES EXPRESSLY AGREE THAT THE LIMITATIONS OF INCIDENTAL AND CONSEQUENTIAL DAMAGES SET FORTH HEREIN ARE AGREED ALLOCATIONS OF RISK AND SHALL SURVIVE THE DETERMINATION OF ANY COURT OF COMPETENT JURISDICTION THAT ANY REMEDY HEREIN FAILS OF ITS ESSENTIAL PURPOSE.**
6. **Liability** – SELLER SHALL HAVE NO LIABILITY TO ANY PERSON FOR PUNITIVE, INDIRECT, SPECIAL, INCIDENTAL, CONTINGENT OR CONSEQUENTIAL DAMAGES OF ANY DESCRIPTION OR LOSS OF USE, REVENUE OR PROFITS, WHETHER ARISING OUT OF WARRANTY OR OTHER CONTRACT, NEGLIGENCE OR OTHER TORT, OR OTHERWISE.
7. **Description of Goods** – This Contract applies only to the goods described herein. The only specifications, which are a part of this Contract, are those written specification which are acknowledged in writing by Seller and which Seller has initialed and attached hereto or otherwise clearly identified with this Contract. All other documents describing or setting forth characteristics or specifications for the goods and all samples or demonstration models thereof are intended only to provide Purchaser with a general idea about the goods. Purchaser acknowledges that such specifications do not constitute a part of this Contract or any other contract between the parties and are excluded from this Contract.
8. **Terms – Payment** is due from date of invoice in U.S. funds according to the terms on each invoice. Interest on past due balances at the rate 18% per annum. Purchaser shall be liable for Sellers costs of collection, including, without limitation, reasonable attorneys' fees.
9. **Prices and Quotations** – Orders are accepted with understanding that the goods will be billed at price in effect at time of order, unless otherwise specified in approved written quotation by Seller. The price and performance of this order is subject to resource availability and costs within the control of Seller at the time of manufacture. Seller reserves the right to cancel or adjust prices and delivery without notice. Any price discrepancy on orders will require a revised purchase order from Purchaser.
10. **Freight** – Terms of shipment are F.O.B. Seller's dock. Purchase orders must specify preferred carrier or order will be shipped via Best Way, pre-pay and add to the invoice. If additional services are requested, charges are the responsibility of the customer. Additional services include but are not limited to the following: LIFT-GATE equipment, driver unload, driver detention, sort and segregate, re-delivery, storage, palletizing, call for appointment services, special handling of Hazardous material, etc.
11. **Cancellation** – Purchaser may cancel orders only upon reasonable advance written notice, with agreement of cancellation by Seller, and upon payment to Seller of Seller's cancellation charges which include, but are not limited to all costs and expenses incurred, and to cover commitments made (including any raw materials or other commitments), by the Seller and a reasonable profit thereon. Seller's determination of such termination charges shall be conclusive.
12. **Engineering and Design Changes** – Seller reserves the right to make design, specification and/or engineering changes to its products without prior notification unless a written agreement between Seller and Purchaser exists as to the design, specification and/or engineering of the product. Title to, and full and unrestricted ownership and right to use all designs, specifications and engineering information provided by Seller shall at all times be and remain vested in Seller.
13. **Returned Goods** – Authorization and shipping instructions for the return of any salable goods must first be obtained by the Purchaser from Seller, otherwise shipment will be refused. The return of product is limited to no longer than one (1) year from the date of purchase, verified by invoice. Goods built to a customer's or Purchaser's specifications or special ordered cannot be returned for credit. Any product returned in anything but salable condition will be refused and returned to the Purchaser at the Purchaser's cost. A 25% restocking charge will be deducted from our Credit Memorandum on the returned goods. Transportation charges on the returned goods must be prepaid and are the responsibility of the Purchaser. Any cost in excess of 25% restocking charge incurred in placing the goods in salable condition will be charged to the Purchaser by a corresponding deduction from the allowed credit. Goods returned for credit must be carefully packed so as to reach Seller without damage. If the return of our goods is made necessary through some fault of Seller, full credit will be allowed, including whatever transportation expense the Purchaser may have incurred, provided that the return has been authorized by Seller in writing and is in accordance with the packing and shipping instructions.
14. **Taxes and Other Charges** – Any manufacturer's tax, retailer's occupation tax, use tax, sales tax, excise tax, duty, custom, inspection or testing fee, or other tax, fee or charge of any nature whatsoever, imposed by any governmental authority on or measured by any transaction between Seller and Purchaser, shall be paid by Purchaser in addition to the prices quoted or invoiced.
15. **Penalty Clause** – No penalty clause of any description, in any specification or order, will be effective unless approved in writing by the signature of a duly authorized officer of Seller.
16. **Errors** – All clerical errors by the Seller are subject to correction.
17. **General** – This Contract constitutes the entire agreement between the parties relating to the sale of goods described herein and supersedes any and all prior oral or written understandings. No addition to or modification of any provision shall be binding upon Seller, and Seller shall not be deemed to have waived any provision hereof shall be binding upon Seller, and Seller shall not be deemed to waive any provision hereof or any remedy available to it unless such addition, modification or waiver is in writing and signed by a duly authorized officer of Seller. This Contract shall be deemed to have been made in and shall be constructed in accordance with and governed by the laws of the State of Massachusetts, without regard to the conflict of law provisions thereof, and shall be subject to the exclusive jurisdiction of the state and federal courts sitting in the State of Massachusetts.

# TERMS AND CONDITIONS

## JANUARY 1, 2013

### STANDARD TERMS AND CONDITIONS OF SALE

1. **Acceptance** – Purchaser may accept this document ("Contract") by returning to Highine Products ("Seller") a signed copy of this document, by otherwise acknowledging receipt without objection within a reasonable period of time, or by expressing acceptance in any other legal manner, whether or not such acceptance contains terms additional to or different from those stated herein; provided that Seller objects to and rejects any such different or additional provisions, and such provisions shall not be a part of the contract between the parties. If Purchaser shall deem this Contract an acceptance of a prior offer, such acceptance is limited to the express terms contained on the face and the back hereof. Additional or different terms or any attempt by Purchaser to vary in any degree any of the terms of this order shall be deemed material and are rejected. However, this Contract shall not operate as a rejection of the Purchaser's offer unless it contains variances in the terms of the description, quantity, price, or delivery schedule of the items.
2. **Shipping** – The estimated Shipping Date is based on production time required to process the order commencing with the date Seller receives the order. In the event it is necessary to revise the design, specifications, or this Contract, the shipping date shall be extended by the period of time required to achieve the mutually agreed upon corrections or adjustments. The seller reserves the right to make partial shipments. "Shipping Date" refers to the date the order leaves Seller's dock; it does not take into consideration the transit time required to deliver the product between the Seller's dock and the Purchaser.
3. **Delays in Shipping (Force Majeure)** – The Purchaser shall not hold Seller responsible for any delay or for any damages suffered by the Purchaser by reason of any delay due to fires, strikes, riots, Acts of God, priorities, government orders or restrictions, delays in transportation, delays by suppliers of materials or parts, inability to obtain necessary labor, or other causes beyond the control of Seller, Seller's suppliers or Seller's subcontractors. In the event of such delay, (a) the time for Seller's performance shall be reasonably extended; (b) both parties shall take reasonable steps to adjust all affected dates in the order; and (c) a purchase price adjustment shall be made for additional costs incurred by Seller.
4. **Damage or Loss in Transit** – Delivery of goods to a carrier at Seller's plant or other shipping point shall constitute delivery. Regardless of freight payment, all risk of loss or damage in transit shall pass to Purchaser at that time. Purchaser shall make claims for loss or damage to goods while in transit against the carrier; Seller will assist Purchaser in securing satisfactory adjustment of such claims. Shortages or damages must be identified and signed for at the time of delivery. If any concealed loss or damage is discovered, notify your freight agent within 48 hours and request an inspection. Terms are F.O.B. Sellers' dock.
5. **Warranties** – Seller makes no representations or warranties except that Seller warrants that all goods manufactured by it shall be free from material defects in material and workmanship for a period of one (1) year from the date of shipment to Purchaser. If within such one-year period, such goods shall be proven to be materially defective to Seller's reasonable satisfaction, then such defective goods shall be repaired or replaced, at Seller's sole option. Such corrections or replacements shall constitute a fulfillment of all liabilities in respect of such goods. The warranty for all goods sold by Seller but manufactured by others shall be the warranty provided by such manufacturer for such goods. Seller shall take all reasonably commercial efforts (other than the payment of money) to provide the manufacturer's warranty to Purchaser. **THE FOREGOING WARRANTIES ARE EXCLUSIVE AND ARE IN LIEU OF ALL OTHER EXPRESS AND IMPLIED WARRANTIES WHATSOEVER (EITHER IN FACT OR BY OPERATION OF LAW), INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE.**  
Seller is not liable for damage to goods, property or persons arising out of the improper installation of such goods; modification, repair or tampering by anyone other than Seller of such goods; misuse of the goods; or utilization of the goods under conditions, which exceed specifications for such goods. **THE PARTIES EXPRESSLY AGREE THAT THE LIMITATIONS OF INCIDENTAL AND CONSEQUENTIAL DAMAGES SET FORTH HEREIN ARE AGREED ALLOCATIONS OF RISK AND SHALL SURVIVE THE DETERMINATION OF ANY COURT OF COMPETENT JURISDICTION THAT ANY REMEDY HEREIN FAILS OF ITS ESSENTIAL PURPOSE.**
6. **Liability** – SELLER SHALL HAVE NO LIABILITY TO ANY PERSON FOR PUNITIVE, INDIRECT, SPECIAL, INCIDENTAL, CONTINGENT OR CONSEQUENTIAL DAMAGES OF ANY DESCRIPTION OR LOSS OF USE, REVENUE OR PROFITS, WHETHER ARISING OUT OF WARRANTY OR OTHER CONTRACT, NEGLIGENCE OR OTHER TORT, OR OTHERWISE.
7. **Description of Goods** – This Contract applies only to the goods described herein. The only specifications, which are a part of this Contract, are those written specification which are acknowledged in writing by Seller and which Seller has initialed and attached hereto or otherwise clearly identified with this Contract. All other documents describing or setting forth characteristics or specifications for the goods and all samples or demonstration models thereof are intended only to provide Purchaser with a general ideal about the goods. Purchaser acknowledges that such specifications do not constitute a part of this Contract or any other contract between the parties and are excluded from this Contract.
8. **Terms** – Payment is due from date of invoice in U.S. funds according to the terms on each invoice. Interest on past due balances at the rate 18% per annum. Purchaser shall be liable for Seller's costs of collection, including, without limitation, reasonable attorneys' fees.
9. **Prices and Quotations** – Orders are accepted with understanding that the goods will be billed at price in effect at time of order, unless otherwise specified in approved written quotation by Seller. The price and performance of this order is subject to resource availability and costs within the control of Seller at the time of manufacture. Seller reserves the right to cancel or adjust prices and delivery without notice. Any price discrepancy on orders will require a revised purchase order from Purchaser.
10. **Freight** – Terms of shipment are F.O.B. Seller's dock. Purchase orders must specify preferred carrier or order will be shipped via Best Way, pre-pay and add to the invoice. If additional services are requested, charges are the responsibility of the customer. Additional services include but are not limited to the following: LIFT-GATE equipment, driver unload, driver detention, sort and segregate, re-delivery, storage, palletizing, call for appointment services, special handling of Hazardous material, etc.
11. **Cancellation** – Purchaser may cancel orders only upon reasonable advance written notice, with agreement of cancellation by Seller, and upon payment to Seller of Seller's cancellation charges which include, but are not limited to all costs and expenses incurred, and to cover commitments made (including any raw materials or other commitments), by the Seller and a reasonable profit thereon. Seller's determination of such termination charges shall be conclusive.
12. **Engineering and Design Changes** – Seller reserves the right to make design, specification and/or engineering changes to its products without prior notification unless a written agreement between Seller and Purchaser exists as to the design, specification and/or engineering of the product. Title to, and full and unrestricted ownership and right to use all designs, specifications and engineering information provided by Seller shall at all times be and remain vested in Seller.
13. **Returned Goods** – Authorization and shipping instructions for the return of any salable goods must first be obtained by the Purchaser from Seller, otherwise shipment will be refused. The return of product is limited to no longer than one (1) year from the date of purchase, verified by invoice. Goods built to a customer's or Purchaser's specifications or special ordered cannot be returned for credit. Any product returned in anything but salable condition will be refused and returned to the Purchaser at the Purchaser's cost. A 25% restocking charge will be deducted from our Credit Memorandum on the returned goods. Transportation charges on the returned goods must be prepaid and are the responsibility of the Purchaser. Any cost in excess of 25% restocking charge incurred in placing the goods in salable condition will be charged to the Purchaser by a corresponding deduction from the allowed credit. Goods returned for credit must be carefully packed so as to reach Seller without damage. If the return of our goods is made necessary through some fault of Seller, full credit will be allowed, including whatever transportation expense the Purchaser may have incurred, provided that the return has been authorized by Seller in writing and is in accordance with the packing and shipping instructions.
14. **Taxes and Other Charges** – Any manufacturer's tax, retailer's occupation tax, use tax, sales tax, excise tax, duty, custom, inspection or testing fee, or other tax, fee or charge of any nature whatsoever, imposed by any governmental authority on or measured by any transaction between Seller and Purchaser, shall be paid by Purchaser in addition to the prices quoted or invoiced.
15. **Penalty Clause** – No penalty clause of any description, in any specification or order, will be effective unless approved in writing by the signature of a duly authorized officer of Seller.
16. **Errors** – All clerical errors by the Seller are subject to correction.
17. **General** – This Contract constitutes the entire agreement between the parties relating to the sale of goods described herein and supersedes any and all prior oral or written understandings. No addition to or modification of any provision shall be binding upon Seller, and Seller shall not be deemed to have waived any provision hereof shall be binding upon Seller, and Seller shall not be deemed to waive any provision hereof or any remedy available to it unless such addition, modification or waiver is in writing and signed by a duly authorized officer of Seller. This Contract shall be governed by and construed in accordance with the Uniform Commercial Code as adopted in the State of Massachusetts. This Contract shall be deemed to have been made in and shall be constructed in accordance with and governed by the laws of the State of Massachusetts, without regard to the conflict of law provisions thereof, and shall be subject to the exclusive jurisdiction of the state and federal courts sitting in the State of Massachusetts.

Personnel policies, tax responsibilities, social security, health insurance, employee benefits, procurement policies unless otherwise stated in this ITB, and other similar administrative procedures applicable to services rendered under this contract shall be those of the Contractor.
- 5.08 INDEMNITY/HOLD HARMLESS AGREEMENT:** The Contractor agrees to protect, defend, indemnify, and hold harmless the City of Fort Lauderdale and its officers, employees and agents from and against any and all losses, penalties, damages, settlements, claims, costs, charges for other expenses, or liabilities of every and any kind including attorneys fees, in connection with or arising directly or indirectly out of the work agreed to or performed by Contractor under the terms of any agreement that may arise due to the bidding process. Without limiting the foregoing, any and all such claims, suits, or other actions relating to personal injury, death, damage to property, defects in materials or workmanship, actual or alleged violations of any applicable Statute, ordinance, administrative order, rule or regulation, or decree of any court shall be included in the indemnity hereunder.
- 5.09 TERMINATION FOR CAUSE:** If, through any cause, the Contractor shall fail to fulfill in a timely and proper manner its obligations under this Agreement, or if the Contractor shall violate any of the provisions of this Agreement, the City may upon written notice to the Contractor terminate the right of the Contractor to proceed under this Agreement, or with such part or parts of the Agreement as to which there has been default, and may hold the Contractor liable for any damages caused to the City by reason of such default and termination. In the event of such termination, any completed services performed by the Contractor under this Agreement shall, at the option of the City, become the City's property and the Contractor shall be entitled to receive equitable compensation for any work completed to the satisfaction of the City. The Contractor, however, shall not be relieved of liability to the City for damages sustained by the City by reason of any breach of the Agreement by the Contractor, and the City may withhold any payments to the Contractor for the purpose of setoff until such time as the amount of damages due to the City from the Contractor can be determined.
- 5.10 TERMINATION FOR CONVENIENCE:** The City reserves the right, in its best interest as determined by the City, to cancel contract by giving written notice to the Contractor thirty (30) days prior to the effective date of such cancellation.
- 5.11 CANCELLATION FOR UNAPPROPRIATED FUNDS:** The obligation of the City for payment to a Contractor is limited to the availability of funds appropriated in a current fiscal period, and continuation of the contract into a subsequent fiscal period is subject to appropriation of funds, unless otherwise authorized by law.
- 5.12 RECORDS/AUDIT:** The Contractor shall maintain during the term of the contract all books of account, reports and records in accordance with generally accepted accounting practices and standards for records directly related to this contract. - 5.13 PERMITS, TAXES, LICENSES:** The successful Contractor shall, at their own expense, obtain all necessary permits, pay all licenses, fees and taxes, required to comply with all local ordinances, state and federal laws, rules and regulations applicable to business to be carried out under this contract.

- 5.15 NON-DISCRIMINATION:** There shall be no discrimination as to race, sex, color, creed, age or national origin in the operations conducted under this contract.
- 5.16 UNUSUAL CIRCUMSTANCES:** If during a contract term where costs to the City are to remain firm or adjustments are restricted by a percentage or CPI cap, unusual circumstances that could not have been foreseen by either party of the contract occur, and those circumstances significantly affect the Contractor's cost in providing the required prior items or services, then the Contractor may request adjustments to the costs to the City to reflect the changed circumstances. The circumstances must be beyond the control of the Contractor, and the requested adjustments must be fully documented. The City may, after examination, refuse to accept the adjusted costs if they are not properly documented, increases are considered to be excessive, or

decreases are considered to be insufficient. In the event the City does not wish to accept the adjusted costs and the matter cannot be resolved to the satisfaction of the City, the City will reserve the following options:

1. The contract can be canceled by the City upon giving thirty (30) days written notice to the Contractor with no penalty to the City or Contractor. The Contractor shall fill all City requirements submitted to the Contractor until the termination date contained in the notice.
2. The City requires the Contractor to continue to provide the items and services at the firm fixed (non-adjusted) cost until the termination of the contract term then in effect.
3. If the City, in its interest and in its sole opinion, determines that the Contractor in a capricious manner attempted to use this section of the contract to relieve themselves of a legitimate obligation under the contract, and no unusual circumstances had occurred, the City reserves the right to take any and all action under law or equity. Such action shall include, but not be limited to, declaring the Contractor in default and disqualifying him for receiving any business from the City for a stated period of time.

If the City does agree to adjusted costs, these adjusted costs shall not be invoiced to the City until the Contractor receives notice in writing signed by a person authorized to bind the City in such matters.

- 5.17 ELIGIBILITY:** If applicable, the Contractor must first register with the Department of State of the State of Florida, in accordance with Florida State Statutes, prior to entering into a contract with the City.
- 5.18 PATENTS AND ROYALTIES:** The Contractor, without exception, shall indemnify and save harmless the City and its employees from liability of any nature and kind, including cost and expenses for or on account of any copyrighted, patented or un-patented invention, process, or article manufactured or used in the performance of the contract, including its use by the City. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the bid prices shall include all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.
- 5.19 ASSIGNMENT:** Contractor shall not transfer or assign the performance required by this ITB without the prior written consent of the City.
